

Social Media Shoots

Fast-paced, fun shoots to boost your flatlay game and keep your social media channels stocked with images for months.

Using natural light for an Instagram-friendly lifestyle aesthetic and shot in square aspect ratio, a social media shoot will provide 100 vivid images.

Get your friends, colleagues and pets involved, having more people involved makes it fun and helps to create diverse images.

Your selected shots will be colour adjusted and cropped to provide vibrant finished images.
